Card of Thanks to Dr Chong.

A FRIEND HAS SUFFERED FIVE MONTHS by a white doctor, and spending nearly $300, I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr Chong's Card in THE COLONIST. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong, which charge, I may also say, was reasonable. My complaint was neuralgia. WILLIAM MCCORMICK,

## Educational Matters.

Probably there was no subject upon which public opinion was more pronounced at the Polls than that of Education. We believe we are correct in saying that every candidate for Legislative honors declared himself more or less distinctly in favor of a free, non-sectarian school system. Certainly no candidate, be his private opinions what they might, ventured to say a word against that form of Education. Conformably with the well-understood wishes of the people, the Government introduced a Bill for establishing throughout the Province a non-sectarian Free School system, and that Bill, with very slight amendments, indeed, passed through the House and became law. The Law was received with joy throughout the country, where the delay in appointing the Superintendent and organizing the Board of Education was regarded with no little impatience. We have no desire to underestimate the perplexing difficulties with which the work of organization was beset, and we are disposed to think that the efforts of the Provincial Secretary in that direction entitle that gentleman to praise rather than censure. But it is extremely gratifying, after all the delay and doubt, to find one's self in a position to compliment the Government and congratulate the country upon the appointment of so good and efficient an Executive to administer the Educational affairs of the Province; for every one must feel that, however good the law may be, much, very much, must depend upon those appointed to carry its provisions into effect. It would not be quite candid to say that we could not have wished to see the Board more fairly representing the various religious denominations of which the population is composed. The great object in establishing a system of Free State Education is to make it, as far as possible, acceptable to all and good enough for all. It may be open to question how far any system which does not possess these qualities can, with fairness and justice, be made a charge upon the public exchequer. And, however inconsistent it may apppear, and however unwilling one may feel to drag differences of religious belief into the arena of a non-sectarian system of public schools, it must be admitted that to have the different religious bodies fairly represented on the Executive Board would, in the very nature of things, have a tendency to give such bodies confidence in the system—confidence that it would be administered in a fair and impartial spirit. It would be unfair, however, to blame the Government for an apparent departure from this principle in the formation of the Board, inasmuch as we do not know how far that is the result of circumstances over which they had no control. But, having said this much upon the theory, let us say that we do not believe any class of the community will, for a single moment, suspect that the circumstance of a majority of the members belonging to one religious denomination will exert the slightest unfair or sectarian influence over its administration. Indeed, those acquainted with the gentlemen will concur with us in believing that if this circumstance causes any leaning at all it will be in an opposite direction entirely; so scrupulous will they be to avoid every appearance of partiality—the slightest occasion for suspicion or dissatisfaction. We need scarcely remind the gentlemen who have accepted positions on the Board that they have accepted an important trust — undertaken grave responsibilities. They have to act for the whole Province in a matter of the most vital importance to all. The whole Educational machinery has to be created and set in motion; and that has to be done under difficulties of no ordinary nature. The work is one which will tax to the utmost the patience, forbearance and patriotism of the Board; for their very best intentions will often be misinterpreted, and they will sometimes be met in a spirit of carping cinicism, where they have a right to expect sympathy and gratitude. Their willingness to give their services gratuitously to the country in so important a cause assuredly entitles them to the warmest sympathy and most hearty co-operation and support of the people and the press. We hope soon to be able to announce that the Board are energetically at work and that the machinery has been set in motion,—a consummation for which the whole country is eagerly waiting.

## Court Fees.

This journal, has during these several years past, continued to point out the hardship and injustice of imposing a high scale of Court Fees upon the country, — a 'sliding scale' which doubled by the time it reached the more distant Districts, where, if anything, law ought to be cheaper than at the capital. During the late session of the Legislative Assembly the following Resolution was passed:—"That this House is of opinion that the Court Fees in this Province, taken in the Supreme Court and County Courts, should be reduced to the same scale as the Fees taken in the corresponding Courts in England." The public will be glad to know that yesterday's *Gazette* contained a General Order, revoking previous Orders on the subject, and giving force and effect to the Resolution above quoted. The result of this is that the same scale of fees that is in force in England is now in force in this Province, not only at the capital, but in the most remote parts. We are not in a position to state what that scale is; but we may say, generally, that it is very much lower than the rates formerly charged in the most favored parts of the Province. We congratulate the public generally, and especially the people in the remote Districts, who have hitherto been so unmercifully fleeced, upon this change.

## All Doubt Set at Rest.

The public are aware that doubt existed in the mind of His Worship the Mayor as to whether the Council possessed the functions of a School Board under the new Act. The point was submitted to the Attorney General for his opinion; and we believe we are correct in stating that that opinion was rendered yesterday, and that it is to the effect that, although the language of the Act in that behalf is somewhat less clear than could have been wished, it unquestionably continues the functions of the Council as it found it, a School Board. This sets all doubt at rest, and leaves no choice to the Council but to do its duty in the educational interests of this community. And we feel convinced that the Council only required to be assured of its powers in order to do its duty. Need we seek to impress upon the School Trustees (as we must now term the Council in this connection) for the City of Victoria the urgent and important nature of the duties devolving upon them? Victoria, by far the largest community in the Province, is in a more complete state of destitution than any other, and it will be no easy work to create and organize such educational istitutions as she is entitled to under the new Act. This work will, to a considerable extent, devolve upon the Trustees, and we have no doubt they will devote themselves thereto with an energy which will go far towards redeeming the time.

NOTICE IS HEREBY GIVEN THAT all persons entitled to vote in the Election of a Member or Members of the Electoral District of Victoria, the Electoral District of Esquimalt, or the Electoral District of Cowichan, in respect of freehold or leasehold property, or in respect of any other qualification conferring the right to vote in either of the aforesaid Electoral Districts who are not upon the Register of Voters now in force, or being upon the Register, shall claim in respect of being a lodger, or as paying for board and lodging, or in respect of a Free Miner's Certificate, or shall not retain the same qualification, or continue in the same place of abode as described in such Register, and who are desirous to have their names inserted in such Register of Voters about to be made for the aforesaid Electoral Districts are hereby required to give or send to the undermentioned Collectors of the various Polling Divisions of the afore-said Electoral Districts, on or before the 10th day of June in this year, a notice in writing, by them signed, in which their name and surname at full length, their place of abode, and the particulars of their qualification, must be legibly written, according to the Form of Notice of Claim, which can be obtained from the Collector gratis, or to the like effect.

Persons claiming are also required to annex a declaration thereto, according to the Form of Declaration, which may be obtained from the Collectors gratis. Any person making such declaration knowing any statement contained therein to be false, will be guilty of a misdemeanor, and will be liable to be prosecuted accordingly.

## The French War Fund.

The handsome structure known as the Driard House was thrown open to the public yesterday, and the proceeds (which must have been considerable) given towards paying off the French War Debt. The French gentlemen who had contributed towards the patriotic object were in attendance all day and were unremitting in their efforts to make the affair both pleasant and profitable. The rooms were thronged throughout the day and in the evening these was a grand illumination by torches and gas-jets. Over the main staircase the legend "*Pour la France*," formed of gas-jets, produced a very pretty effect. During the morning and afternoon meals were served to a large number of persons—many families availing themselves of the opportunity afforded—and the *cuisine* and general arrangements of the establishment were highly praised. The ball and concert were held in the dining room and parlor, a numerous company being present, the music being supplied by the Victoria Brass Band. The walls were decorated with mottoes and gas-jets and flags, and dancing and singing were continued until midnight when the festivities ended The pecuniary result must have been very gratifying to the projectors, who we heartily congratulate.

## From the East Coast.

The steamer Sir James Douglas arrived from Comox, Nanaimo and way ports with 12 passengers, among whom we noticed Mrs A. Dods, Mrs McKay Sabiston, Mrs Bourdot, the Misses Hawkes, Surveyor-General Pearce, and Messrs Landers, Williams, A. Kinear and Capt McCulloch. She also had a good amount of freight and 2 fine head of cattle. The ship Commodore, bark Germania and brigantine Kitty Coburn were all loaded with coal and ready to leave. The steamer Gussie Telfair arrived yesterday morning early. The Douglas met the Maude in the Gulf on her way to Comox, and H.M.S.Boxer on her way from San Juan to Cowichan. Mr. W. C. Musters, of Comox, went out shooting some days ago and has not since been heard of. Fears are entertained for his safety. A public meeting was held in the Court House, Nanaimo, on Friday to consider in what way the Legislative appropriation should be expended. After the object of the meeting had been explained by Surveyor-General Pearse, M. Bate, Esq., was voted to the Chair. A resolution was adopted in favor of constructing a bridge over Nanaimo River, the estimated cost of which is $4,000. A second resolution was adopted, setting apart $1,000 for the Nanoose Road. A third resolution was carried in favor of constructing a bridge across the Millstream, above the town. A fourth resolution was adopted, applying any surplus that might remain after completing these works to the improvement of the streets in town. The proceedings closed with a vote of thanks to the Chairman.

While the steamer Maude was lying in Nanaimo harbor many of the townsfolk visited her, all expressing delight at her superior accommodation.

NEW WESTMINSTER ITEMS.—The Court of Assize opened on Wednesday, Chief Justice Begbie presiding. The following gentlemen composed the Grand Jury:—Capt. Raymur (foreman), Dickinson, Clarkson, Webster, Arnaud, Ellard, Deane, Cunningham, Major, Withrow, Fisher, Holbrook, E. Brown, J. C. Armstrong and E. Picht, Esqrs. True bills were found against Ah Wan, a Chinaman, for manslaughter: Jimmy, an Indian, for stealing; and Frank, an Indian, for rape. The first was acquitted; the second pleaded guilty, and was sentenced to nine months' hard labor; the third was found guilty and sentenced to two years' imprisonment with hard labor....Mr. Bull's lecture, on Wednesday evening, is well spoken of.....The *Herald* understands that Capt Mist, R. N., has accepted the challenge from the New Westminster Rifle Corps....A local rifle-match between the married and single had been postponed in consequence of the weather .....Mr. Bull lectured on Thursday evening at the Hastings Mill, to a large audience.... An Indian potlatch took place at Burrard Inlet during the week, about 500 Indians being present....The number of specimens seeking assay at the Government Office was unusually large.

HORSE SUICIDE.—When rational beings, by their own hands, "shuffle off this mortal coil," who can wonder if a poor dumb brute should follow so grim an example. A horse belonging to Mr Robert Anderson, up the Arm, had been ill for some time. Remedies were applied and the animal gained sufficient strength, a few days ago, to find his legs, when he walked deliberately into the Arm and laid down, holding his head beneath the water until life was extinct. He did not even indulge in a "horse laugh" before expiring. The owner recovered the body and buried it on the beach, where the wild waves will beat a requiem upon the lonely resting place. The horse was 20 years old—old enough to know better.

ERROR.—In the list given by us of winners at the Convent raffle the name of the Bishop of Columbia was by mistake introduced. We are requested to state that the Bishop had nothing to do with the matter, the error probably arising from the fact that a young woman residing at the Bishop's as servant was a winner of one of the prizes.

THE JAPANESE MATINEE, yesterday, despite the rain, was very successful and drew a large audience to the Theatre. The little folk were especially delighted. The performance in the evening was also well attended. On Tuesday the Troupe will cross the Sound where we predict, they will do well.

FIRE ALARM.—The illumination at the St. George Hotel last evening caused an alarm of fire to be raised by an excited citizen who imagined that the structure was in flames. The Deluge and Tiger Companies stretched hose, and the Unions unlimbered ladders and pikes, but their services were not required.

THE TYCOONS—REDUCTION. — To-morrow evening the Japs will play with prices of admission fixed at 25 cents for the pit and parquet, and 50 cents for the dress-circle. Everyone ought to go.

THE fitful flashes received at the telegraph office on Friday, and the absence of a current yesterday would seem to indicate that one of the cables is gone again.

## Cariboo Mail Summary.

We have the Sentinel of April 27th. The mining news is uninteresting and there is nothing from Omineca.

WILLIAM CREEK.—The Forest Rose co. have commenced work from their new shaft and are driving into the old diggings. The Ballarat co are preparing for summer work.

JACK OF CLUBS CREEK. — The Two Sisters have struck a prospect of $5 to the pan in driving through their new ground. They expect good pay. The Two Brothers co. have struck clay at a depth of 31 feet.

LOWHER CREEK.—The Black Bull co still continue piling the dirt taken from the diggings. The dirt looks better and prospects richer than any yet taken out of that claim. The Brown co are prospecting for the channel. The Victoria co took out 22½ oz. last week.

HARVEY CREEK.—The Minnehaha co have again found bed rock and the diggings are looking as well as ever. The Foster co contractors have finished their lumber contract. Very little can be done on this creek in consequence of there being no flour, beef, or bacon to be had.

LIGHTNING CREEK.—The Ross co have finished their drain from the Lightning diggings. This company washed up 69 oz for three days' work last week. The Eldorado co obtained over wages. The Lightning co have been assisting the Ross co in obtaining drainage. The South Wales co will finish putting up machinery this week and get to work next week.

AMADOR CREEK.—The Taylor co are putting up machinery.

NELSON CREEK.—Five companies have commenced operations on this creek, and one of them, a Chinese co., is taking out gold.

## In Canada.

The editor of the Cariboo *Sentinel*, J. S. Thompson, Esq., M. P., is writing a series of letters from Canada to that paper, in one of which we find the following amusing paragraph:

In conversation with a number of parties in Toronto, including members of the House, I have felt much surprize at the ignorance of people in Ontario generally about British Columbia. I have been asked a number of the most absurd questions, and the fact is that a great number of persons do not know the difference between British Columbia and Manitoba. The question has been gravely asked, what are we going to do with Riel? while as to the relative position of Vancouver Island, Cariboo, Kootenay, &c., about as much knowledge is displayed as if the localities in question were among the regions where Livingstone is supposed to be pursuing his researches. A British Columbian gentleman the other day took the opportunity of pretending to be as ignorant of Ontario matters and astonished some rabid politicians who asked, "What do you think of Blake in your country?" by asking, "Who is Blake? we never heard of him!" "What! not know the Premier?" "Oh!" replied our friend, "I was under the impression that Sir John A. Macdonald was Premier of Canada." After the prorogation of the Toronto Assembly on Saturday last I left that city for a while, and as you will now perceive, I am for the present located in the pretty town of Woodstock, in the midst of the richest farming section of the Province, the residence of the family of one of our British Columbia Senators; and during the next few weeks I shall probably keep moving from one point to another in search of change till the political cauldron at the capital begins to bubble.

THE BEDROCK DRAIN—MINING DECISION.—A petition having been presented to the Gold Commissioner, praying for an order to compel the Drain Company to open their drain forthwith or forfeit their charter, and four out of five of the experts appointed by the petitioners and the Drain Company having reported against the advisability of attempting to open the drain at the present time, his Honor has rendered a decision in conformity with the report of the experts and declines to make any order to compel the Drain Company to open the drain until after the freshet.—Cariboo Sentinel.

APPOINTMENTS.—His Excellency the Lieut. Governor in Council has been pleased to appoint the following gentlemen to be a Board of Education for the Province of British Columbia, under the "Public School Act, 1872":—W. F. Tolmie, Esq, M. W. T. Drake, Esq, A. Munro, Esq., A. J. Langley, Esq., R. Williams, Esq, E. Marvin, Esq.; and the following gentlemen to be a Board of Trustees, to take charge of certain lands at Ogden Point to be appropriated for the purposes of a Cemetery:—R. P. Rithet, Esq., J. H. Turner Esq., J. E. McMillan, Esq., P. McTiernan, Esq., B. W. Pearse, Esq.

SILVER ASSAY.—We understand that an assay has been made of some silver ore from the Eureka ledge, below Hope, by Mr Hitchcock in the Assay Office here. The assay gave flattering result of $395 to the ton—an increase of $15 on an assay of the same ore made in the Assay Office in New Westminster. This similarity of result will be satisfactory to the Company, as it tends to show an equal richness through the ledge. — Cariboo Sentinel.

MR. SAMUEL FINSLEY, the well-known London bookseller, takes up nearly a page of the *Athenæum* in an advertisement of his intention of breaking up the absurd custom in England of publishing new novels in three volumes at the exorbitant price of guinea and a half. He proposes to issue a select series of original novels, each printed in crown octavo, and costing but four shillings or about an eighth of the orthodox price.

SOME of the banking and insurance companies in England are beginning to employ women as clerks. The Prudential Assurance Company, which has the largest staff of clerks of any London office, has created a department for female service, for which only the daughters and widows of professional men, merchants, and gentlemen engaged in public offices are eligible.

NEW BREWERY.—Messrs. Stuart & Keast have bought two full lots of ground on Douglas street, between Yates and Johnson, and intend erecting thereon a brewery of stone. The price paid for the lots was $3,250. This enterprising firm do not appear to be afraid of the Canadian Tariff.

DEATH ON HARVEY CREEK.—Nicholas Bailey, an old Cariboo miner, died on Harvey Creek on the 24th ult. Deceased was a native of Ireland, was aged 38 years, and once owned in the Dutch Bill claim on William Creek.

THE Prince Alfred will sail for Victoria to-morrow.

THE steamer Enterprise arrived at 8 last evening from New Westminster with Barnard's Express, a mail and the following passengers:—Mr. and Mrs. Wilson, Mr. and Mrs. Fisher, Mr. and Mrs. Hagan, Dr. Tolmie, Dr. Trimble, W. K. Bull, and Messrs. McUrea, Brodie, Farr, Mundell.

SCOTTISH GATHERING.—At a meeting of the St. Andrews and Caledonian Society, held at their Hall on Friday evening, a Committee was appointed for the purpose of making arrangements for the annual gathering on the 4th of July.

COMOX.—His Excellency was at Comox when the Douglas left and is expected to arrive at Nanaimo in the Maude on Tuesday and will be back here, in all probability, on Thursday next.

MUSIC.—Mr. F. S. Bushell has laid on our table a new galop entitled "May," forming another of the series of beautiful pieces composed by him.

THE OOLACHANS disappeared from Fraser River on Friday and the first run of salmon commenced the same day.

SERGEANT BALLANTINE was summoned at the Cambridge County Court, for the cost of repairs done to his son's boots.

NAVAL.—H.M.S.Scout is expected back before the end of the month.

REGATTA.—In our advertisement column the final programme will be found.

THE CALIFORNIA passed up Sound at noon yesterday.

OKANAGON, April 6th, 1872.

SIR,—Its a long time since you herd from me so as its a wet day and I can't do much out of doors I thort you mite like to hear from the old man, altho the old man carnt here much from you for the last paper we got here was dated Janiuvery, an the ole world mite be 'a welterin a gore' as some poet chap says, an we fellers out here be none the wiser, well we've had a very fair winter it cumed in like a lion and went out like a lam, as the old saying is of march were I oum from. There was a very little snow fel an the stock al did first rate, the spring nearly a month earlier than last year on the farmers are all geting on fine wi' there seedin—there was a man thro here as says the new government is a doin bianess an a going to make a road out from Saoomas lery to Okanagon (i'm glad I voted for a farmer) its badly wanted and wen its finished there be a chance to get papers, you should see one when it does get out ere, now i goes round from one to the other like the plate at a charity sermon and gets that worn you wooden know youre own paper again. I hope they'd not neglect to make the bit of road from the head of Okanagon lake to Spellumcheen about 12 miles cause then we could orl out grain out there and get it shipt in boats to market but it would never pay to orl it the whole distance by road. In the lasst paper I eaw there was a gentilman a writing about indian antiokityseand a askio folks to look out for them in different parts of the country. I've kept my eyes open, there es lots of 'Keequilly' holes on the banks of the Thompson some of em very old one I noticed as a pine tree a growin in the middle of it five feet thro it must have been a long long time since the savadges used there teeth on dried salmon in that hole I never could find any stone lade as that gentilmen speeks on, but I saw a very old barrow at one of the farmers the weel wes a round bit of wood very much worn and mended a good deal with hoop iron, so I asked the farmer about it, and he said it was there when he cume so it might be an indian barrow i wanted to know how much hed take for it and he said 'get' so I think as he dont apear to set much value on it might be had cheap. Mariar, (that's my wife sir) is in quite good spirits about the road she hopes some of the young men round ere ll be getting married, poor old girl she'd like to have some women folks to drink a cup o tea and have a little gossip with I should like to see the poor lost young men a little more comfortable and ome like. The wether's a clearin up Mariar wants to know if Ive nearly done writin to that paper man, for somethings been after the chickens so Im goin after that somethin, so no more at present from

Yours truely,
J. OMELY.

ONE of the richest of the rich men of New York is distributing his fortune among the people to whom he had intended to will it, reserving only sufficient to insure himself a comfortable income. A very sensible plan this is. It avoids all danger of a family discussion arising from cutting a will, puts an end to merely mercenary affections, insures gratitude, and largely increases the happiness of several people some years earlier than gifts by the bequest would have done. This *ante-mortem* generosity is almost peculiar to America. The system of entail would practically prevent it in England if it were desired. In France the Revue de Deux Mondes notices this custom as a phenomenon of American character. Nearly all our endowed schools and colleges owe much of their possessions to their living benefactors. The Working women's Hotel of A. T. Stewart, and his $50,000 gift to the poor women of Chicago, are instances of this tendency. William B. Astor has just donated $100,000 to the Astor Library for "present necessities." These are all gratifying proofs of the true generosity which gives without waiting for the time when what it gives will be worthless to itself.

HOLLOWAY'S PILLS AND OINTMENT.—We stand aghast at the thousands hourly hurried to a premature grave, victims of having neglected the first symptoms of disease. Whether the complaint originates in the body, or be introduced accidentally through the skin—fatal results may be warded off by a timely recourse to one or both of these medicines. 25 cents per box or pot.

A. GILMORE, MERCHANT TAILOR, and General Outfitter, has removed his place of business to the store adjoining the Colonial Hotel and opposite the Colonist Office, on Government street, fourth door from Yates, where he proposes to give his old friends and new customers a chance on the principle of quick sales and small profits. *

THE great attraction is the choice and fashionable goods received by Express at Victoria House. *

FELL'S COFFEE, superior to any other manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony.

## The Claimant.

It is reported that the friends of the prisoner have nearly succeeded in raising the amount of bail required and the sureties have been found for £3,750, Mr John Billinghurst, of the Globe Hotel, Strand, for £2,500, and another gentleman, £1,200. There is thus £1,250 needed to complete the bail, and it is expected that sum will shortly be realized. For the approaching trial the services of Mr Gorton, Bedford-row, as solicitor, and Mr Montague Williams as counsel, have been secured for the defence.

We are informed that it is the intention of the police, in the event of the claimant being liberated on bail, to immediately arrest him after he passes the door of Newgate on the charge of forgery. He will then be taken before a magistrate, and he will be charged with forging the name of 'R. C. D. Tichborne' to certain cheques in order to obtain money out of a certain bank in which he had previously lodged in that name. Another charge of forgery will be that the claimant forged the name of "R. C. D. Tichborne" to certain affidavits. In order to support the charge of forgery the whole question of the identity of the claimant must be gone into before the magistrate, in order that the claimant may be legally committed on that charge for trial. The proceedings at the police court will be of a most protracted character, but in the event of the claimant being committed for trial upon the charge of forgery he cannot be bailed out, forgery being an unbailable offence.

The friends of the Claimant are making very energetic arrangements for his defence, and our correspondent was yesterday informed that it is their intention to apply to Vice Chancellor Wickens for money to carry on the claimant's case before the criminal court. They base their application upon the wording of the order of Vice Chancellor Stuart, before whom originally came the case of "Tichborne vs Lushington," and in that order the Vice Chancellor said that the question that had to be tried was not one of equity, but of fact, and that as such it ought to be tried by a jury, who would have to declare whether the Claimant was Sir Roger Tichborne or not. The friends of the Claimant now aver that, as the jury have declared that the Claimant is not Sir Roger Tichborne, and as 86 witnesses have sworn that he is, the costs of a trial in which a jury will be able to declare, as they will have to do in the case of perjury, ought to be paid out of the moneys which the Court of Chancery now hold belonging to the Tichborne estate. The application will, we are informed, be made next.

The omission to bail the Claimant may probably not arise from want of friends, but from a determination on the part of the defendant's friends to have the case heard by a common jury. If bailed the case can be removed by the prosecution into the Queen's Bench, and to be heard before a special jury such an application, if granted, (says the Times) would delay the trial for a considerable period, and, without bail, the claimant might prefer being tried in a month or two before a common jury at the Old Bailey.

The question as to whether the claimant should be expelled the Junior Gun Club or not was, mooted on Saturday, but the members were of opinion that as the evidence of the 85 witnesses for the plaintiff was as reliable as that of the 17 for the defence, and in the absence of any witnesses to prove that he was Arthur Orton, or any other man than Sir Roger, it would not be just to expel him from the club. This club is composed of noblemen and gentlemen of the highest respectability.

It is believed that, at the trial, evidence will be given to prove that he is Arthur Orton by several people who knew him at Wapping. It will be recollected that at the trial the claimant declined to answer certain questions put to him with regard to his life in Australia; and when he was asked by the Judge whether his answering those questions might involve him in a criminal charge, he answered "Yes." It is now stated in police circles that the charges to which the questions referred were those of horse-stealing and murder. Ever since the commencement of the Tichborne case the Melbourne police have been assiduously endeavoring to discover the whereabouts of Arthur Orton, and we are informed that a warrant is now out, and is at present in London, for the apprehension of that person on a charge of murder. The warrant is said to be signed by a Melbourne magistrate; but before it can be put in force in London it must be backed by a magistrate for the county in which Arthur Orton lived. The murder in question was committed in the bush near Melbourne. It is not the intention of the Australian police constables, who are at present in London, to attempt to put that warrant in force until after the identity of Arthur Orton is proved to their satisfaction.

MARAVILLA COCOA.—No breakfast table is complete without this delicious beverage.—The *Globe* says, 'Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage. ## Infection in the Air.

At this season the vegetable world takes a new lease of life; but to the sensitive and delicate members of the human family it is a time of danger and often of great suffering. The moisture which rises from the earth and hangs suspended over it in the form of morning and evening mists and fogs, holds in solution, so to speak, the mephitic elements which produce fever and ague, remittant fevers, rheumatism, and many painful disturbances, and which aggravate dyspepsia, biliousness and all minor affections of the stomach and the bowels. This, therefore, is a critical period of the year, a season when the renovating, refreshing and purifying operation of the mightiest of all vegetable tonics and alteratives, Hostetter's Stomach Bitters, is salvation to the weak, and the best security for the continuance of the health and vigor of the strong. Now is the time not only to protect the system against the common ailments of the season, but to prevent the disorders incident to a warmer temperature. Let not the exhausting heats of summer months find you unprepared to meet them. A course of Hostetter's Bitters commenced now, will put all the physical energies in fighting trim, double the capacity of the internal organs to repel the causes of ill usage, refresh the brain and clear it of all hypochondriacal cobwebs, and place the whole physique in an attitude of defence, with every available point fortified and guarded and as nearly invulnerable to unwholesome influences as it is possible for the human structure to be.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD

A MEDICINE THAT CURES is a real public blessing. AYER'S SARSAPARILLA makes positive cure of a series of complaints which are always afflicting and too often fatal. It purifies the blood, purges out the lurking humours in the system, which undermine the health and settle into troublesome disorders. Eruptions of the skin are the appearance on the surface of humours that should be expelled from the blood. Internal derangements are the determination of these same humours to some internal organ or organ, whose action they derange and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humours from the blood When they are gone the disorders they produce disappear such as Ulcerations of the Liver, Stomach, Kidneys, Lungs, Eruptions and Eruptive Diseases of the Skin, St Anthony's Fire, Rose or Erysipelas, Pimples, Pustules. Blotches, Boils, Tumours, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhea arising from internal ulceration and uterine diseases, Dropsy, Dyspepsia, Emaciation and General Debility. ### HOLLOWAY'S

Every Man his own Physician.

**CAUTION.**

THE immense demand for HOLLOWAY'S PILLS and OINTMENT has tempted unprincipled parties to counterfeit these valuable medicines.

In order to protect the public and ourselves, we have issued a new "Trade Mark," consisting of an Egyptian circle of a serpent, with the letter H in the centre. Every box of genuine HOLLOWAY'S PILLS and OINTMENT will have this trade mark on it; none are genuine without it.
